

Bigger than your phone

Giant Interactive Tablet,
Touchscreen & Smartphone Solutions

OUR CLIENTS

...and many more

A BETTER DIGITAL EXPERIENCE

Our giant smartphone and touchscreen solutions are simple and easy to use. Their familiar look & feel attract, engage and inform your customer about you and your products & services. In today's digital age, Giant iTab is an essential marketing tool which leverages the tablet and smartphone interfaces your customers use every day.

"The Giant iTabs were the perfect solution for us to showcase our new Sportsbook app and allowed customers to use and feel the mobile app product, with added 'wow'."

Jennie Prest, William Hill, Sponsorship Manager

"The Giant iTab was one of the most engaging and successful elements at our show, and with more and more companies and events having digital versions of websites, brochures and apps, this solution is a no-brainer to drive business."

Scott Birch, Mash Media, Managing Editor Exhibition Division

RETAIL, CORPORATE & BANKING

Our digital display and touchscreen kiosk solutions are simple and easy to use. They enhance the in-store environment by offering added customer engagement, extensive product information and incremental online sales.
